DIGIMIC CChair ONE

Compact Chairman' Conference Unit with microphone
Article no.: 05.0173

Description

The new CChair ONE offers you improved technology in a slim design.

The new CChair ONE allows cost-effective cabling with RJ45 connectors, which also allows faster installation. A new circuit design reduces power consumption and allows more microphone stations to be connected to a DIGIMIC central unit.
With the new CChair ONE, conferences can be conducted optimally. The chairman unit gives you priority - for example the delegate units can be muted. Of course, the CChair ONE has all the functions of a delegate unit with an illuminated push-to-talk key.

The CChair ONE has integrated loudspeakers for decentralized sound reinforcement, which automatically switch off when the microphone is activated.
A microphone TM58/6 is included in the scope of delivery.

The CChair One is also available in combination with the TMD/01 microphone.

Features

Attributes
- Priority over delegate units
- Override key for muting delegate units
- Low energy consumption
- Cost-effective RJ45 cabling
- Fast installation
- Microphone button lights up red when speaking

Digital Audio
- High quality audio signal
- Sampling rate: 48 kHz
- Frequency response: 20 - 20,000 Hz

Connectors
- 2 RJ45 connectors
- 3.5mm jack socket

Case
- Front panel: Aluminum painted
- Housing: plastic
- WxHxD: 139 x 22 x 142
- Weight: approx. 400 g

System components

Required system components
- DCen32
  Article no.: 05.0050
- DCen32 mini
  Article no.: 05.0420

Microphones
- TM58/6
  Article no.: 01.0560

Other components
- DExt
  Article no.: 05.0025
- CMic ONE TM58
  Article no.: 05.0153
- CMic ONE TMD
  Article no.: 05.0154

Software
brählerOS conference software for network-based control of all DIGIMIC system components. Fast and easy configuration of all delegate units from a central location.
